STATEMENT OF MANAGEMENT'S RESPONSIBILITIES FOR THE PREPARATION AND PRESENTATION OF THE SPECIAL PURPOSE FINANCIAL STATEMENTS

The Program is implemented through the Ministry of Energy Infrastructure and Natural Resources of the Republic of Armenia ("MEINR") with the assistance of "Armenian Nuclear Power Plant" CJSC ("ANPP"), "Yerevan Thermal Power Centre" CJSC ("YTPC") and Public Services Regulator Commission of the Republic of Armenia ("PSRC").

The Program management is responsible for the preparation of the special purpose financial statements of "Power Sector Financial Recovery Program" (hereafter: the Program) financed by Loan Agreement IBRD Loan Number 8615-AM that present fairly the Program's expenditures by implementing entities, cash flows, Funds received, and movement of segregated accounts for the year ended 31 December 2018, in accordance with the International Public Sector Accounting Standard "Financial Reporting under the Cash Basis of Accounting" (IPSAS-Cash Basis) issued by the International Public Sector Accounting Standards Board (IPSASB) within the International Federation of Accountants (IFAC) and the Financial Management Manual for World Bank Financed Investment Operations (WB Guidelines).

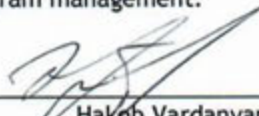

In preparing the special purpose financial statements, the Program management is responsible for:

- Properly selecting and applying accounting policies;
- Presenting information, including accounting policies, in a manner that provides relevant, reliable, comparable and understandable information;
- Providing additional required disclosures for the year ended 31 December 2018.

Program management is also responsible for:

- Designing, implementing and maintaining an effective and sound system of internal controls, throughout the Program;
- Maintaining adequate accounting records that are sufficient to show and explain the Program's transactions, and which enable them to ensure that the special purpose financial statements of the Program comply with *IPSAS - Cash Basis* and the *WB Guidelines*;
- Taking such steps that are reasonably available to them to safeguard the assets of the Program and to affirm that funds received have been used in accordance with the Loan Agreement IBRD Loan Number 8615-AM signed on 12 May 2016, and World Bank related guidelines, with due attention to economy and efficiency, and only for the purposes for which the financing was provided; and
- Preventing and detecting fraud and other errors.

The special purpose financial statements for the year ended 31 December 2018 were authorized for issue on 25 March 2019 by the Program management.

INDEPENDENT AUDITOR'S REPORT

To the Ministry of Energy Infrastructure and Natural Recourses of the Republic of Armenia ("MEINR")

Opinion

We have audited the special purpose financial statements of "Power Sector Financial Recovery Program" ("Program") financed by Loan Agreement IBRD Loan Number 8615-AM signed on 12 May 2016 ("Loan Agreement"), and implemented by MEINR, with the assistance of "Armenian Nuclear Power Plant" CJSC ("ANPP"), "Yerevan Thermal Power Centre" CJSC ("YTPC") and Public Services Regulator Commission of the Republic of Armenia ("PSRC"), which comprise the statement of program expenditures by implementing entities, statement of fund received under categories, statement of funds received under program activities, Summary of Funds received under each DLI, and the statement of segregated accounts for the year ended 31 December 2018, and notes to the special purpose financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the cash flows for the year ended 31 December 2018 in accordance with International Public Sector Accounting Standard: *Financial Reporting Under the Cash Basis of Accounting, (IPSAS-Cash Basis)*.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as issued by International Auditing and Assurance Standards Board (IAASB) of the International Federation of Accountants (IFAC). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report.

We are independent of the Program, of the MEINR, of the ANPP, of the YTPC and of the PSRC in accordance with the *International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code)*, and we have fulfilled our other ethical requirements in accordance with IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter- Special purpose framework

We draw attention to Note 2 to the financial statements, which describes that financial statements are prepared in accordance with special purpose framework, as a result, they may not be suitable for another purposes. Our opinion is not modified in respect of this matter.

Responsibilities of the Management for the Financial Statements

Management of the Program is responsible for the preparation and fair presentation of the special purpose financial statements in accordance with IPSAS-Cash Basis issued by the International Public Sector Accounting Standards Board (IPSASB) of the IFAC and Financial Management Manual for World Bank Financed Investment Operations ("WB Guidelines"), and for such internal control as management determines is necessary to enable the preparation of special purpose financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Audit of the Special Purpose Financial Statements

Our objectives are to obtain reasonable assurance about whether the special purpose financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is high level of assurance, but is not a guaranty that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements arise from fraud and error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these special purpose financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the special purpose financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Evaluate the overall presentation, structure and content of the special purpose financial statements, including the disclosures, and whether the special purpose financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal Requirements

To comply with the terms of the Loan Agreement, the Program's management shall insure that:

1. funds have been used in accordance with the conditions of the Loan Agreement concluded between the International Bank for Reconstruction and Development (IBRD) and the Republic of Armenia, and WB Guidelines, with due attention to economy and efficiency, and only for the purposes for which the financing was provided;
2. supporting documents, records and accounts have been kept in respect of all Program ventures. Respective reports issued during the period were in agreement with the underlying books of account;
3. The Segregated accounts used has been maintained in accordance with the provision of the Loan Agreement, and World Bank related guidelines;

In our opinion, the Program's management has complied with the above requirements for the year ended 31 December 2018.

We also check that the persons or entities debarred or suspended by the WB are not awarded contract under the Program from the Program inception to 31 December 2018.

1. General information

1.1. The Program

The Power Sector Financial Recovery Program ("Program") is implemented in accordance with the Republic of Armenia Government resolution N 6 dated February 18, 2016. The Program objective is to maintain adequate and reliable electricity supply through improvement of the financial standing of the state-owned power generation companies and the private power distribution company.

The Program carries out through the Ministry of Energy and Natural Resource of the Republic of Armenia (MENR), with the assistance of "Armenian Nuclear Power Plant" CJSC (ANPP), "Yerevan Thermal Power Centre" CJSC (YTPC) and Public Services Regulator Commission (PSRC).

The total cost of the Program is assessed 43,224,690 United States dollars (USD), of which USD 30,000,000 million is financed under the Loan Agreement 8615-AM signed on May 12, 2016 between the Republic of Armenia and International Bank for Reconstruction and Development ("IBRD" or "WB").

The payment currency of IBRD Loan Number 8615-AM is United States dollars (USD).

The Closing date of IBRD Loan Number 8615-AM is set 30 July 2021.

The Grace Period for submitting withdrawal application for expenditures incurred before the Closing date is six months following the Closing date: 31 January 2022.

1.2. Subsidiary agreements

According to the Loan Agreement, the ANPP receives 28.5% of the Loan proceeds and the YTPC receives 71.5% of the Loan proceeds subject to the achievement of the Disbursement Linked Results ("DLRs") and/or Disbursement Linked Indicators ("DLIs") set forth in the table IV.A.2. of Schedule 2 of the Loan Agreement and corresponding verification process.

For this purpose, a subsidiary agreements were concluded between the Ministry of Finance of the Republic of Armenia (MoF) and the ANPP, and the MoF and the YTPC both on 14 June 2016, according to which they will receive sub-loans in the amount of 8,550,000 USD and 21,450,000 USD, respectively, as the terms of the Loan agreements are achieved.

1.3. The Program objectives

The Program consists of the following activities:

A. Elimination of cash outflows of state-owned power companies for non-core business related reasons through: (i) establishment of a prohibition of non-core business related expenditures, lending, and borrowing for ANPP and YTPC; and (ii) liquidation of Haigasard state-owned CJSC.

B. Reduction of expensive commercial loans and recovery of receivables through: (i) refinancing of the principal amounts of commercial loans of ANPP and YTPC listed in Supplemental Letter; and (ii) recovery of receivables of ANPP and YTPC for electricity supplied to Electric Networks of Armenia (ENA).

C. Repayment of the payable of YTPC with Yerevan GGM branch of Gazprom Armenia CJSC under a contract referred to in Supplemental Letter No. 3.

D. Modification of tariffs to fully reflect the cost of electricity supply through: (i) amendment of ENA's license to allow adjusting the tariff margin by the full size of loss (profit) incurred due to mismatch between actual and forecast cost of electricity purchased by ENA; and (ii) revision of tariff-setting methodology to allow adjusting the tariff by the full size of natural gas purchase related loss (profit) incurred due to fluctuation of AMD/US\$ exchange rate.

2. Summary of significant accounting policies

2.1. Preparation and presentation of financial statements

The special purpose financial statements are prepared in accordance with the International Public Sector Accounting Standard: *Financial Reporting Under the Cash Basis of Accounting* (IPSAS-Cash Basis), issued by the International Public Sector Accounting Standards Board (IPSASB) within the International Federation of Accountants (IFAC), and presented in accordance with Financial Management Manual for World Bank Financed Investment Operations (March 2010): RM 3 - Financial Reporting and Auditing.

The principal accounting policies applied in the preparation of these special purpose financial statements are set out below. These policies have been consistently applied to all the periods presented.

2.2 Cash basis of accounting

Program financing is recognised as a source of Program funds when the cash is received. Program expenditures are recognised as a use of Program funds when the payments are made.

2.3 Reporting currency

The reporting currency of these special purpose financial statements is United States dollars (USD). The cofinancing received and expenditures made in local currency, Armenian Drams (AMD), or Euro (EUR) are translated into USD based at the exchange rate prevailing at the date of the transaction as issued by the Central Bank of the Republic of Armenia ("CBRA"). However, for the purpose of presenting *Statement of Program Expenditures by Implementing Entities*, the exchange rate of non-USD expenditures are translated applying CBRA issued exchanged rates prevailing at the baseline year, 1 February 2016, as that exchange rate is applied to assess the compliance of results achieved, as measured to DLIs (Note 1.2) that has results monetary thresholds determined in USD underlying currency.

The exchange rate defined by the CBRA on USD/EUR rate on AMD is as follows:

Date	USD	EUR
1 February 2016	489.16	531.03
31 December 2017	484.10	580.10
31 December 2018	483.75	553.65
